

CUET UG 2025 Subject-wise Preparation Checklist

General Preparation Essentials

Initial Setup

- ☐ Take diagnostic test to assess current level
- ☐ Download CUET 2025 syllabus and exam pattern
- ☐ Collect NCERT textbooks for chosen domain subjects (Class 11 & 12)
- ☐ Create study schedule (6-8 hours daily)
- ☐ Set up study space and organize materials
- ☐ Join CUET preparation communities/forums

Study Materials Checklist

- ☐ NCERT textbooks (Class 11 & 12) for all subjects
 - ☐ Previous year CUET question papers
 - ☐ Subject-specific reference books
 - ☐ Current affairs magazines/resources
 - ☐ Mock test platforms subscription
 - ☐ Formula sheets and note-making materials
-

SCIENCE DOMAIN SUBJECTS

Physics Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT Physics Class 11 (All chapters)
- ☐ Complete NCERT Physics Class 12 (All chapters)
- ☐ Create formula sheets for each chapter
- ☐ Practice all NCERT exercises and examples
- ☐ Make concept maps for complex topics

Intensive Phase (Months 4-6)

- ☐ Solve chapter-wise previous year questions
- ☐ Practice numerical problems daily (minimum 20)
- ☐ Focus on high-weightage topics: Mechanics, Electricity, Optics
- ☐ Take weekly physics mock tests
- ☐ Create error log for problem-solving mistakes

Final Phase (Months 7-8)

- ☐ Quick revision using formula sheets
- ☐ Solve 5 full-length physics papers weekly
- ☐ Time-bound practice (1.5 minutes per question)
- ☐ Focus on diagram-based and conceptual questions

Chemistry Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT Chemistry Class 11 (Organic, Inorganic, Physical)
- ☐ Complete NCERT Chemistry Class 12 (All branches)
- ☐ Memorize periodic table and important reactions
- ☐ Practice balancing chemical equations
- ☐ Create separate notes for each branch

Intensive Phase (Months 4-6)

- ☐ Master organic reaction mechanisms
- ☐ Practice numerical problems in physical chemistry
- ☐ Memorize important name reactions
- ☐ Solve previous year questions chapter-wise
- ☐ Focus on IUPAC naming and isomerism

Final Phase (Months 7-8)

- ☐ Quick revision of reactions and formulas
- ☐ Practice mixed chemistry papers
- ☐ Focus on application-based questions
- ☐ Revise important exceptions and special cases

Biology Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT Biology Class 11 (Diversity, Structural organization)
- ☐ Complete NCERT Biology Class 12 (Reproduction, Genetics, Evolution)
- ☐ Practice drawing important diagrams
- ☐ Create classification charts
- ☐ Make vocabulary lists for technical terms

Intensive Phase (Months 4-6)

- ☐ Focus on diagram-based questions practice
- ☐ Memorize important scientific names
- ☐ Practice assertion-reason type questions
- ☐ Create topic-wise fact sheets

- ☐ Solve previous year biology papers

Final Phase (Months 7-8)

- ☐ Quick diagram revision
- ☐ Practice current affairs related to biology
- ☐ Focus on application and experimental questions
- ☐ Revise important discoveries and scientists

Mathematics Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT Mathematics Class 11 (Algebra, Trigonometry, Coordinate Geometry)
- ☐ Complete NCERT Mathematics Class 12 (Calculus, Vectors, Probability)
- ☐ Practice all solved examples
- ☐ Create formula booklet
- ☐ Master basic calculation techniques

Intensive Phase (Months 4-6)

- ☐ Solve previous year mathematics papers
- ☐ Practice shortcut methods and tricks
- ☐ Focus on high-scoring topics: Calculus, Algebra
- ☐ Take regular timed tests
- ☐ Practice different types of word problems

Final Phase (Months 7-8)

- ☐ Speed practice with formula sheets
- ☐ Solve multiple question patterns
- ☐ Focus on accuracy over speed initially
- ☐ Practice calculator-free computations

COMMERCE DOMAIN SUBJECTS

Accountancy Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT Accountancy Class 11 (Financial Accounting)
- ☐ Complete NCERT Accountancy Class 12 (Company Accounts, Analysis)
- ☐ Master journal entry rules
- ☐ Practice ledger posting
- ☐ Understand accounting equation basics

Intensive Phase (Months 4-6)

- ☐ Practice partnership and company accounts
- ☐ Master ratio analysis and cash flow statements
- ☐ Solve previous year accountancy papers
- ☐ Focus on practical problems
- ☐ Create format sheets for different statements

Final Phase (Months 7-8)

- ☐ Quick revision of all formats
- ☐ Practice time-bound numerical problems
- ☐ Focus on error rectification problems
- ☐ Revise important accounting standards

Business Studies Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT Business Studies Class 11 (Business Environment)
- ☐ Complete NCERT Business Studies Class 12 (Management, Marketing)
- ☐ Create concept maps for management principles
- ☐ Study case studies from NCERT
- ☐ Make notes on business terminology

Intensive Phase (Months 4-6)

- ☐ Practice case study analysis
- ☐ Focus on management functions and principles
- ☐ Study current business news and examples
- ☐ Solve previous year question papers
- ☐ Create flowcharts for business processes

Final Phase (Months 7-8)

- ☐ Quick revision using concept maps
- ☐ Practice application-based questions
- ☐ Stay updated with current business affairs
- ☐ Focus on definition and differentiation questions

Economics Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT Economics Class 11 (Microeconomics)
- ☐ Complete NCERT Economics Class 12 (Macroeconomics)

- ☐ Understand basic economic concepts
- ☐ Practice graph interpretation
- ☐ Create glossary of economic terms

Intensive Phase (Months 4-6)

- ☐ Master demand-supply curves and elasticity
- ☐ Understand national income accounting
- ☐ Practice numerical problems in economics
- ☐ Study government policies and their impact
- ☐ Solve previous year economics papers

Final Phase (Months 7-8)

- ☐ Quick revision of graphs and curves
 - ☐ Stay updated with current economic news
 - ☐ Practice data interpretation questions
 - ☐ Focus on policy-related questions
-

ARTS/HUMANITIES DOMAIN SUBJECTS

History Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT History Class 11 (Ancient & Medieval India)
- ☐ Complete NCERT History Class 12 (Modern India)
- ☐ Create timeline charts for different periods
- ☐ Make notes on important dates and events
- ☐ Study important personalities and their contributions

Intensive Phase (Months 4-6)

- ☐ Focus on freedom struggle movements
- ☐ Study maps and geographical aspects
- ☐ Practice chronology-based questions
- ☐ Solve previous year history papers
- ☐ Create cause-and-effect charts

Final Phase (Months 7-8)

- ☐ Quick revision using timeline charts
- ☐ Practice map-based questions
- ☐ Focus on analytical and inference questions
- ☐ Stay updated with historical discoveries

Political Science Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT Political Science Class 11 (Indian Constitution)
- ☐ Complete NCERT Political Science Class 12 (Contemporary Issues)
- ☐ Understand constitutional provisions
- ☐ Study political theories and concepts
- ☐ Make notes on government structures

Intensive Phase (Months 4-6)

- ☐ Focus on current political developments
- ☐ Study international relations
- ☐ Practice case study analysis
- ☐ Solve previous year question papers
- ☐ Understand electoral processes

Final Phase (Months 7-8)

- ☐ Stay updated with current political news
- ☐ Quick revision of constitutional articles
- ☐ Practice application-based questions
- ☐ Focus on contemporary issues

Geography Preparation

Foundation Phase (Months 1-3)

- ☐ Complete NCERT Geography Class 11 (Physical Geography)
- ☐ Complete NCERT Geography Class 12 (Human Geography)
- ☐ Practice map reading and location
- ☐ Study climate patterns and vegetation
- ☐ Create notes on geographical terms

Intensive Phase (Months 4-6)

- ☐ Focus on statistical data and trends
- ☐ Practice map-based questions extensively
- ☐ Study current environmental issues
- ☐ Solve previous year geography papers
- ☐ Create region-wise study notes

Final Phase (Months 7-8)

- ☐ Quick map practice and revision

- ☐ Stay updated with geographical current affairs
 - ☐ Practice data interpretation questions
 - ☐ Focus on application-based problems
-

LANGUAGE SECTION PREPARATION

Language Skills Development

Foundation Phase (Months 1-3)

- ☐ Choose primary language for Section IA/IB
- ☐ Practice reading comprehension daily
- ☐ Build vocabulary (50 new words weekly)
- ☐ Study grammar rules and applications
- ☐ Practice different types of passages

Intensive Phase (Months 4-6)

- ☐ Solve previous year language papers
- ☐ Practice inference and critical thinking questions
- ☐ Focus on literary devices and figures of speech
- ☐ Take sectional language tests weekly
- ☐ Practice précis writing and summarization

Final Phase (Months 7-8)

- ☐ Quick grammar revision
 - ☐ Practice speed reading techniques
 - ☐ Focus on time management in language section
 - ☐ Practice different question formats
-

GENERAL TEST PREPARATION

Quantitative Aptitude

- ☐ Practice basic arithmetic and algebra
- ☐ Master time, speed, distance problems
- ☐ Study profit, loss, and percentage
- ☐ Practice data interpretation questions
- ☐ Focus on logical reasoning puzzles

Current Affairs

- ☐ Read newspapers daily (The Hindu/Indian Express)
- ☐ Follow monthly current affairs magazines

- ☐ Stay updated with government schemes
- ☐ Study important appointments and awards
- ☐ Practice current affairs mock tests weekly

Logical Reasoning

- ☐ Practice syllogisms and logical deduction
 - ☐ Study blood relations and seating arrangements
 - ☐ Master coding-decoding problems
 - ☐ Practice analytical reasoning questions
 - ☐ Focus on pattern recognition
-

MOCK TEST STRATEGY

Monthly Mock Test Schedule

Months 1-3:

- ☐ Take 1 diagnostic test monthly
- ☐ Focus on sectional tests

Months 4-6:

- ☐ Take 2-3 full-length tests weekly
- ☐ Analyze performance after each test
- ☐ Maintain error log

Months 7-8:

- ☐ Take daily full-length mock tests
- ☐ Practice different test series
- ☐ Focus on time management
- ☐ Simulate exam conditions

Performance Analysis Checklist

- ☐ Track accuracy percentage for each subject
 - ☐ Identify time management issues
 - ☐ Note recurring mistake patterns
 - ☐ Plan targeted revision for weak areas
 - ☐ Monitor improvement trends
-

FINAL MONTH PREPARATION

Last Month Essentials

- ☐ Complete revision of all formula sheets
 - ☐ Practice previous 5 years' question papers
 - ☐ Stay updated with latest current affairs
 - ☐ Take daily mock tests
 - ☐ Focus on exam-day strategies
 - ☐ Maintain physical and mental health
 - ☐ Prepare all required documents
 - ☐ Plan exam day logistics
-

Weekly Review System

End of Week Review (Every Sunday)

- ☐ Assess weekly targets completion
- ☐ Analyze mock test performances
- ☐ Identify areas needing more focus
- ☐ Plan next week's priorities
- ☐ Update study schedule if needed

Remember: Consistency is key! Complete this checklist progressively and track your preparation systematically. Good luck with your CUET UG 2025 preparation!
